

**People's Hearing on
International Paper-Riegelwood
*It's Time to Demand Clean Air!***

Thursday, February 12, 2004 at 7:00 PM

Lake Waccamaw, NC

Conference Center of the Boys and Girls Home of NC

➔ North Carolina's Division of Air Quality has refused to hold a public hearing on IP's proposed air pollution permits, despite a large number of requests from groups and individuals. So we have organized this **People's Hearing** to bypass state officials who would roadblock our rights. Citizens and plant neighbors will have the opportunity to comment on the effects of pollution on their lives. We will videotape the hearing to send to federal and state officials. *Join us!*

Sponsored by
Swamp Watch Action Team, Clean Water for North Carolina
Blue Ridge Environmental Defense League and other groups.
